**§ 84-2. Processing fees for outside consultants. [Added 1-13-2003 STM]**

- A. The fees set forth above are the minimum application fees required. When the actual cost of processing an application exceeds the minimum application fee, due to the need for outside consultant services, the Town Planning and Zoning Commission, the Town Zoning Board of Appeals and the Town Conservation Commission/Inland Wetlands Agency (as applicable, the permit-granting commission) shall charge the applicant a processing fee to fund the actual costs of processing the application.
- B. The expenses for such outside consultants may be estimated by the permit-granting commission upon receipt of the application, based upon the projected expenses of reviewing, evaluating and processing the application. This reasonable estimate, together with the appropriate application fee given above, shall be paid forthwith, and the application shall be deemed incomplete until these fees have been submitted.
- C. For the purpose of this section, an "outside consultant" means a professional who is not an employee of the Town, including, but not limited to, engineering, traffic, environmental and planning professionals.
